

# ANDREWS INSTITUTE SPORTS MEDICINE OUTREACH

## About Andrews Institute Sports Medicine Outreach

The Andrews Institute Sports Medicine Outreach department provides certified athletic trainers and team physicians to all public high schools in Escambia, Santa Rosa, Okaloosa and Walton counties along with Pensacola Christian Academy, East Hill Christian School and Aletheia Christian Academy. They offer the same services at the collegiate level and can be found at the University of West Florida, Pensacola Christian College and Chipola College.

In addition to providing medical care to student athletes, Andrews Institute athletic trainers work with coaches, administrators and event planners at each school to establish emergency action plans, provide education and promote awareness of issues like heat illness and concussions. They also place great emphasis on continuing to grow relationships with area emergency medical services to provide best practices and preparedness for collaborative care.

Baptist Health Care and Andrews Institute provide these services at no cost to the public high schools they serve.

## Ways You Can Help Support Sports Medicine Outreach

- Crutches for Kids — Donations of slightly used crutches accepted to support athletic training services.
- Recycle for Rehab — Donations of gently used stationary bikes, treadmills, elliptical machines or orthopaedic braces.
- Annual Management of Sidelines Emergencies Course — Sponsorships available for athletic health care team summer professional development course.
- Annual Pre-participation Physical Exams — Sponsorships available to help provide free medical exams to local student athletes.
- Direct contributions to the Baptist Health Care Foundation, designated to Andrews — Sports Medicine Outreach Fund. Gifts are used to meet needs such as life-saving equipment and a sports medicine mobile center.

**The Sports Medicine Outreach Department is grateful for support from community partners. If you would like to make a gift to support Sports Medicine Outreach, please visit the Baptist Health Care Foundation website via the link below.**
